

Cameron Bentley

cjbentle@edu.uwaterloo.ca | 587-703-6830

EDUCATION

UNIVERSITY OF WATERLOO

BASC IN MECHANICAL ENGINEERING

Expected 2021 | Waterloo, ON

SKILLS

PROGRAMMING

Experienced

C++ • VBA • Bash • HTML

Basic Knowledge

Python • JavaScript • CSS • Git

Versioning

CAD/TECHNICAL DRAFTING

CAD & Markup Software

SolidWorks • AutoCAD • Fusion 360 •

BlueBeam Revu

Competencies

GD&T • P&IDs • DFM

SYSTEM ADMINISTRATION

Operating Systems

Linux • Windows Server

Software

MySQL • Docker • Hyper-V • apache •

nginx • WordPress

Office Software

Word • Excel (VBA, Power Pivot, Power Query) • PowerPoint • LaTeX • Photoshop

COURSEWORK

UNDERGRADUATE

Electrical Circuits & Instrumentation

Electromechanical Devices & Power

Processing

Structure & Properties of Materials

Control of Properties of Materials

Mechanics of Deformable Solids

SUMMARY OF QUALIFICATIONS

I am a highly motivated second-year Mechanical Engineering student with strong programming & administration skills and an ambition to further develop my skills in a challenging environment. I can effectively and clearly communicate ideas, and through my project experience I have learned to work in high-performance groups as both a leader and a member.

EXPERIENCE

AECON GROUP | ENGINEERING INTERN

May 2017 - August 2017 | Fort St. John, BC

- On-site team member during a gas cogeneration facility turnaround operation.
- Assisted with project controls, planning, scheduling, QC, and reporting.
- Developed red line corrections and P&ID's for in-field revisions to IFC drawings.

WATSAT SATELLITE DESIGN TEAM | STRUCTURES SUBSYSTEM LEAD

September 2016 - Present | Waterloo, ON

- Designed components for CubeSat satellite structural redesign.
- Collaborated with other subsystems to integrate attitude control hardware and communications antennas into the satellite frame.
- Documented and simulated structural design properties for presentation at the Canadian Satellite Design Challenge's CDR (Critical Design Review).

AIM ENGINEERING CHALLENGE | 1ST PLACE GROUP LEADER

January 2016 - May 2016 | Calgary, AB

- Challenge set by Alta Injection Molding (AIM) to improve the design of a reusable coffee pod for a Keurig machine.
- Developed & tested a new prototype and presented this prototype to the competition host.

CERTIFICATIONS

2017 H₂S Alive

2017 WHMIS

AWARDS

2016 President's Scholarship

University of Waterloo

2016 Alexander Rutherford Scholarship

West Island College
